Residency Teaching Evaluation

Note: May be used to evaluate <u>large</u> or <u>small</u> group teaching activity, <u>precepting</u> experience assessment, assessment of <u>other</u> teaching activities, and <u>Pharmacotherapy Rounds</u> (which requires an additional evaluation by audience participants).

Resident Name:	Emily Carrell
Teaching Activity:	Secondary Prevention of Stroke
Date of Teaching:	January 11, 2016
Mentor/Evaluator:	Lana Sherr (Assistant Professor, UMES)
Date of Evaluation:	January 27, 2016

Individualizing Student Learning Experience						
•	Assess learner's skill level to determine appropriate learning strategies					
•	Effectively utilize the four roles of practice-based teaching (direct					
	instruction, modeling, coaching and facilitating)					
•	Master a variety of techniques to elicit student learning through	x				
	questioning (clarify, probe assumptions, seek evidence, determine	~				
	individual perspectives, consider implications)					
•	Use Socratic method of questioning as appropriate					
•	Avoid leading/hinting					
•	 Develop strategies to promote professional student behavior 					
•	Effectively deals with difficult learners					
•	Individualize learning experience using strategies to facilitate learning in a					
	diverse learning population.					
Pro	vides Feedback to Learner					
•	Provides evidence-based criterion referenced, learner-specific feedback					
	(verbal and written)			x		
•	Provides both informal formative feedback as well as summative feedback					
	when appropriate					
•	Gives specific detailed individualized comments with both positive and			She wrot	e the test questions h	but dic
	negatives aspects of performance			not attend the assessment due to distance between UMES campus and residency site at the Johns Hopk Hospitals, so this criterion is		
•	Engage learner in meaningful discussion about performance (in applicable) Correct student mistakes in a non-threatening manner					
•						-
•	Recommend strategies to improve Respect student privacy and dignity			nospical	s, so this circerion.	15 II/a.
	luation Plan					
EVa	Creates an appropriate Level 1 evaluation plan (what learner thought and					
	felt about the training)					
•	Creates an appropriate Level 2 evaluation plan (designed to assess increase			x		
-	in knowledge or learner capability)			^		
•	Appropriately assessing own performance in educational activity					
	e of Self-Feedback for Improvement Purposes					
•	Reviews Level 1 feedback (what learner thought and felt about the training)					
	and possibly Level 2 feedback (degree to which learner increased					
	knowledge or capability) with mentor and self-assesses performance			x		
•	If applicable, reviews item analysis data with mentor from objective					
	assessment items					
•	Suggests methods of improvement for subsequent teaching based on					
	feedback					

Additional comments:

Dr. Carrell's charismatic personality made her very approachable to the students. She was engaging and created a comfortable learning environment. It was great working with her.
